

Global Poverty Action Fund: Innovation Window

The Global Poverty Action Fund (GPAF) is a demand-led fund supporting projects focused on poverty reduction and pursuit of the MDGs through tangible changes to poor people's lives including through: service delivery, empowerment and accountability and work on resilience, conflict, security and justice. Projects will be selected on the basis of demonstrable impact on poverty, clarity of outputs and outcomes, and value for money. The GPAF is intended to encourage Civil Society Organisations (CSOs) to submit innovative applications that deliver real benefits for men, women, boys and girls and have the potential for wider application and impact.

Deadline for submission of concept note is 24th November 2011
