01:31:19 The Scotland Malawi Partnership:

01:32:35 Edson Mlandu: Great presentation!

01:34:17 Emma Wood: Thanks everyone for great presentations. Could Soko share the source of the 0.4 - 1% accessing higher education. I find it difficult to locate up-to-date stats and this would be very helpful to know

01:37:07 Emma Wood: Thanks - my email is stekaskills@gmail.com

01:37:30 Ross Macnab: Brilliant presentations! What are the projections for next 3-5 years in terms of the number of girls aimed at to reach and support?

01:40:00 Edson Mlandu: Boys and girls should be considered equally. Mental health issues are affecting many young men, yet they are often left behind in support systems.

In Malawi, rising mental health challenges are linked to inequalities that disadvantage young men.

Shouldn't we also give boys equal attention and support on these platforms?
