

22nd July 2022

Attn: Alberto Gregori

Scotland Malawi Partnership

VOTE OF THANKS

On behalf of the OpenO2 initiative of the Global Health Informatics Institute, I would like to express our deepest gratitude to the Scotland Malawi Partnership for the support that was provided to OpenO2 in the year 2021.

In the midst of the COVID-19 pandemic, your organization extended significant resources to support our efforts in increasing access to medical oxygen in Malawi. With your support, a total of 649 oxygen concentrators were returned to service doubling the number of functional oxygen concentrators in Malawi. No value can be placed on the impact that this has had on the availability of medical oxygen in Malawi.

Thank you again for your support for the OpenO2 Initiative.

Sincerely

Timothy M. Mtonga

Director - GHII
